

## Classic Series Basement Doors

### Build a Better Basement

Now available with factory-applied powder coat finish

BILCO Classic Series steel basement doors are now offered with a factory-applied polyester powder coat finish. The polyester resin provides a durable, weather-resistant coating. Cured at higher temperatures than most wet coatings, the result is a tougher and chip-resistant coating, providing both a decorative and protective finish.

#### Product Features

- Easy to Operate... Gas Spring lift assistance provides smooth, easy, one-hand operation and prevents the doors from slamming closed.
- Weathertight... Sheds water, keeps areaway dry and free of debris.
- Rugged... Heavy gauge steel and sturdy concealed hinges ensure all-season operation and lasting service.
- Secure... Slide bolt lock and internal mounting flanges make your home safe and secure. Keyed lock kit available (see page 2 for more information).

**Experience. Innovation.**

Matching foundation plates with a powder coat finish are now available.

**NEW!** Powder coated basement doors can be ordered with a keyed lock kit. Doors are pre-punched with lock kit mounting holes for easy installation.

Enjoy the convenience of locking and unlocking your basement door from the outside.

### Advantages & Standard Features:

- Offered in six standard colors (see chart on right) with a textured finish
- Available on our most popular steel sided doors, sizes B and C, and extension panels
- Offers a superior finish to conventional paint
- Makes the BILCO door durable, attractive and extremely scratch-resistant
- Is ideal for exterior applications
- Retains exterior color longer
- Process is environmentally friendly and virtually pollution-free

Due to the printing process, colors shown approximate as close as possible to the actual paint colors.
